MAPS OF MÉXICO

México in the world

México & Querétaro

Geographic Area of Querétaro and its Municipalities

INTRODUCTION

Querétaro, is one of 31 states that, with the Federal District, comprise the 32 Federal Entities of Mexico. **It is divided into 18 municipalities. Its capital city is Santiago de Queretaro.**

It is located in North Center of Mexico, in a region known as Bajío. It is bordered **by the states of San Luis Potosí to the north, Guanajuato to the west, Hidalgo to the east, México to the southeast and Michoacán to the southwest.**

Nowadays this city is one of the most representatives of the country due to geographical location and its closeness with typical and touristic cities and towns.

It is located about 200 kilometers away from Mexico City.

General Information

Weather

Most of the time between March, April, May and June, the temperature ranges from 15°C to 35°C. In July, August and September the temperature ranges from 10°C to 30°C, with rain in the evenings but not every day. Starting in October, November and December the temperature drops in the morning about 4°C and in the afternoon could reach 28°C. January and February are the coldest months of the year and could be 2°C to 18°C or 23°C afternoon.
